ADOLF HITLER'S WAR - 希特拉：與世界為敵	N/A	Documentary	The series begins with Hitler's first eastward invasion – Poland in 1939. Our main focus is the three years following the invasion of the Soviet Union (1941-1944). The occupied territory comprises the “hinge” that anchors the European peninsula to the Asian landmass, this became the site of the greatest land battles ever fought but its population experienced so much more – it was witness to and victim of the major part of the Holocaust: almost all of the Einsatzgruppen slaughter (one and a half million shot), and all of the “death camps” were in this territory. There was collaboration, heroic resistance, partisan warfare, brutal reprisal and, with the return of Soviet forces, revenge and hardship that was to last for decades. This is the story of Adolf Hitler's War, a new, moving and dramatic perspective on the bloodiest and, many would argue, the most influential conflict in history.	Dec
